

THE WILLOW SERIES

H B F

Designed by HBF's Kevin Stark, the Willow Series provides the user an extremely comfortable ergonomic chair which complements a variety of environments. Willow chairs flex in the front seat area and the seat back to provide added support; the flexing action is passive. Willow is available with numerous aesthetic options in backs, arms, bases and upholstery details.

The Willow Series

1219-25 Willow high back transitional chair with open upholstered contemporary arm  
42OH x 23OW x 26½OD

1215-15 | Willow chair with the closed upholstered traditional arm detail
